MBizM™ Lean Six Sigma GREEN BELT For Healthcare

INTRODUCTION

- ◆ Lean Six Sigma Green Belt for Healthcare is designed by Six Sigma Professionals for addressing many of the challenges facing healthcare institutions.
- ◆ This course is designed whereby Lean Six Sigma tools & methods are blended with change management & project management.
- ◆ Lean Six Sigma for Healthcare focuses on the processes, tasks and activities that define world-class healthcare service and patient care.
- ◆ It enables the delivery of consistently high levels of quality and value, while banishing waste and non value-added activities.
- ◆ The result is lower costs and more desirable outcomes

Duration = 10 Days
